The Ohio Real Estate Investor's Association Convention and Expo 2009

OREIA is coming to Cincinnati this year and our new location brings changes to the trade show...new benefits, new packages, new vendor area.

The Basic Package still gives you 3 full days in the vendor room with access to the largest, most successful real estate investment conference in the country. You'll meet over 600 potential customers, all searching for ways to make their investment business stronger.

We have room for 8 Convention Sponsors this year and those lucky companies will have it all! Some of the benefits of this creative package are listed to the right but we'll be glad to work with your business to create an individual sponsor package. Call Ginny today because there is only space for 8.
